

SJV is the only Catholic elementary school in Flint, and it is essential that we maintain our Catholic school system. We not only emphasize education, but we want our children to grow in the values that will help form leadership for our Church and country. At the center of our school is Jesus Christ.

The money raised by Vianney Nights will go directly toward helping to make it possible for our community to have a great Catholic school. Our small Catholic school contributes to this community by producing excellent students who have great character and the knowledge to make this community better. We give to the world well-educated adults who have a moral compass to point to a hope-filled future. So please, be generous.”

May Mary Mother of Flint protect our school and our children,

Fr. Tom Firestone
